P.O. BOX 197 MO
SHREWSBURY, MA 01545***

April 26, 2010

Dear Parents,

The Town of Shrewsbury has notified the Shrewsbury Little League Board of Directors that complaints have been received regarding parking on the access roads at Dean Park (especially behind Dean 2 and Dean 3). In some cases, cars have dangerously parked on both sides of an access road making it virtually impossible for a single car to pass. Everyone (coaches, parents, umpires, etc.) is required to park in designated parking areas at all fields. This not only applies to games, but to practices as well.

Parking on access roads makes it difficult for Police, Fire, and/or Ambulance vehicles and personnel to come to the aid of anyone (your child, a player, a parent, a grandparent, etc.) in need of emergency services. In addition, it is creating a very dangerous situation for our children who are forced to cross the access roads between parked cars (making them less visible to someone driving on the access road).

Please be advised that the Town of Shrewsbury is going to place No Parking signs along the access roads. We have been notified that the Shrewsbury Police Department will begin ticketing cars in violation.
